

Storm Data and Unusual Weather Phenomena - September 2010

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
TEXAS, North				
GRAYSON COUNTY --- 2.2 NNW HANGER [33.72, -96.78]				
	09/01/10 11:15 CST		10K	Thunderstorm Wind (EG 61 kt)
	09/01/10 11:15 CST	1	0	Source: Emergency Manager
A construction trailer was damaged at the Hagerman National Wildlife Refuge Visitor Center, and several trees that were larger than 6 inches in diameter were split. One minor injury was reported.				
GRAYSON COUNTY --- (F39)SHERMAN-DENISON [33.72, -96.67]				
	09/01/10 11:24 CST		0	Thunderstorm Wind (MG 59 kt)
	09/01/10 11:24 CST		0	Source: AWOS
The automated weather station at North Texas Regional Airport/Perrin Field (KGYI) measured a wind gust of 68 mph.				
COLLIN COUNTY --- CELINA [33.32, -96.78]				
	09/01/10 13:30 CST		25K	Lightning
	09/01/10 13:30 CST		0	Source: Newspaper
A lightning strike started a house fire in Celina. No other information was available, and the time of the strike was estimated from radar.				
WISE COUNTY --- 0.3 W NEWARK [33.00, -97.48]				
	09/01/10 16:00 CST		20K	Lightning
	09/01/10 16:00 CST		0	Source: Newspaper
A lightning strike hit a home in the Chisholm Spring subdivision in Newark. The lightning strike entered the home through the satellite dish and traveled through the cable, charring the walls and floor around the cable. The charge caused a computer to catch on fire.				
TARRANT COUNTY --- 0.4 WSW SOUTH LAKE [32.97, -97.14]				
	09/01/10 17:29 CST		0.50M	Lightning
	09/01/10 17:29 CST		0	Source: Newspaper
A lightning strike struck the chimney of a home in the 1000 block of Aspen Ridge Drive in Southlake. The home sustained heavy smoke damage.				
ELLIS COUNTY --- 0.6 ENE REAGOR SPGS [32.33, -96.76]				
	09/01/10 19:10 CST		0.25M	Thunderstorm Wind (EG 70 kt)
	09/01/10 19:10 CST		0	Source: Newspaper
Strong thunderstorm winds, possibly from a microburst, turned over several portable buildings at a business in Reagor Springs. The roofs were torn off a few of the portable buildings and nearly all 18 were damaged. A mobile home on the same property was turned over and landed on two vehicles. Also in Reagor Springs, trees were knocked down and shingles were torn off roofs.				
MCLENNAN COUNTY --- LACY LAKEVIEW [31.62, -97.10]				
	09/01/10 21:35 CST		0	Hail (1.00 in)
	09/01/10 21:35 CST		0	Source: Broadcast Media
Quarter size hail was reported in Lacy-Lakeview.				
MCLENNAN COUNTY --- LACY LAKEVIEW [31.62, -97.10]				
	09/01/10 21:35 CST		3K	Thunderstorm Wind (EG 52 kt)
	09/01/10 21:35 CST		0	Source: Broadcast Media
A tree was blown onto a house in Lacy-Lakeview.				
MCLENNAN COUNTY --- BELLMEAD [31.58, -97.08]				
	09/01/10 21:45 CST		0	Hail (1.00 in)
	09/01/10 21:45 CST		0	Source: Emergency Manager
Quarter size hail was reported in Bellmead.				
TARRANT COUNTY --- 1.0 NNW LAKE WORTH [32.81, -97.40]				

Storm Data and Unusual Weather Phenomena - September 2010

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
	09/02/10 03:00 CST		0.20M	Lightning
	09/02/10 03:00 CST		0	Source: Newspaper

A lightning strike started a fire at a home in the 3900 block of Estrella Court in northwest Fort Worth.

TARRANT COUNTY --- 0.7 NNE EULESS [32.84, -97.07]

09/02/10 04:07 CST	0.10M	Lightning
09/02/10 04:07 CST	0	Source: Newspaper

A lightning strike at a home in the 200 block of Moonlight Drive in Euless resulted in a small attic fire and roof damage.

Embedded shortwaves moving through a broad trough over the Southern Plains sparked several showers and thunderstorms across north Texas. Some of the storms developed on outflow boundaries from convection during the day. A few reports of severe thunderstorm wind damage and hail was reported, but several lightning strikes started fires. The most significant wind damage occurred in Reagor Springs in Ellis County from a possible microburst.

TARRANT COUNTY --- 0.2 SSE BENBROOK LAKE [32.63, -97.47]

09/07/10 13:56 CST	0	Tornado (EF0, L: 0.10 mi , W: 10 yd)
09/07/10 13:57 CST	0	Source: Trained Spotter

A brief tornado was spotted over Benbrook Lake. No damage occurred with this tornado.

BELL COUNTY --- 4.1 WNW (GRK)GRAY AAF FT HOO [31.09, -97.90], 2.5 SSW DING DONG [30.94, -97.79], 2.4 S DICE [30.79, -97.32], 1.2 WNW ROGERS [30.94, -97.25], 1.0 NNE MEEKS [30.99, -97.12], 3.9 N TROY [31.26, -97.30], 1.5 SW STAMPEDE [31.26, -97.41]

09/07/10 21:03 CST	1	3M	Flash Flood (due to Heavy Rain)
09/08/10 15:00 CST		0	Source: Law Enforcement

Significant flooding occurred in Bell County from the remnants of Tropical Storm Hermine. In Killeen, Highway 190 was closed due to flood waters. Residents were evacuated from an apartment complex on Watercrest Dr due to rising waters, and numerous cars with occupants were submerged in Killeen. There was one fatality in the city of Killeen when a 19 year old female's vehicle was submerged in flood waters on Reese Creek Road. Homes near the towns of Elms and Robinette had to be evacuated by boat. In Nolanville, a car was swept away, and a mobile home park was evacuated resulting in the rescue of 35 to 40 people. Salado Creek in Salado flooded the access roads of Interstate 35 and destroyed several businesses and residential structures along the creek. A bridge on Armstrong Road which crossed Salado Creek was washed away. Numerous roads were also flooded in the city of Temple. There were 17 businesses and 26 residences affected by the flood waters in the city of Belton.

Direct Fatalities: F19VE

CORYELL COUNTY --- 5.5 NW BEE HOUSE [31.46, -98.14], 2.0 ENE TURNERSVILLE [31.64, -97.72], 0.5 NNW WHITSON [31.34, -97.45], 2.1 ESE COPPERAS COVE [31.11, -97.89]

09/07/10 21:15 CST	0.30M	Flash Flood (due to Heavy Rain)
09/08/10 12:15 CST	0	Source: Law Enforcement

Highway 190 east of Copperas Cove, Farm-to-Market Road 1829 at Highway 236, and several other roads throughout the county were closed due to high water. There was one high water rescue on County Road 132 just off of Farm-to-Market Road 1783. A few homes around the county were damaged when flood waters entered the homes.

CORYELL COUNTY --- 1.2 WSW WHITSON [31.33, -97.47]

09/08/10 03:18 CST	0	Tornado (EF0, L: 0.10 mi , W: 50 yd)
09/08/10 03:19 CST	0	Source: Newspaper

A brief tornado touched down at Mother Neff State Park near the cave. At least six trees were twisted and snapped. The trees were at least a foot in diameter.

HILL COUNTY --- 0.5 WNW BLUM [32.15, -97.41], 2.4 N FILES VLY [32.26, -97.08], 2.1 SSE HUBBARD [31.82, -96.79], 0.3 W AQUILLA [31.85, -97.22]

09/08/10 04:06 CST	1M	Flash Flood (due to Heavy Rain)
09/08/10 12:10 CST	0	Source: Law Enforcement

Several county roads and Farm-to-Market roads were impassible or closed due to high water. Swift water rescues were conducted in Whitney after two apartment complexes were flooded. There were at least 17 high water rescues conducted across the county. At least 40 homes suffered damage due to flood waters, and county roads across the county experienced significant damage.

NAVARRO COUNTY --- 1.9 E CHATFIELD [32.25, -96.39], 2.7 WSW FROST [32.07, -96.87], 3.9 ENE RODNEY [31.84, -96.54], 4.8 SSE RURAL SHADE [31.99, -96.09]

Storm Data and Unusual Weather Phenomena - September 2010

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
	09/08/10 06:10 CST		40K	Flash Flood (due to Heavy Rain)
	09/08/10 12:00 CST		0	Source: Emergency Manager

Water was reported over a bridge on Farm-to-Market Road 1126 one mile west of Interstate 45 near the town of Rice. Several roads were closed in the western portions of the county, and rising water was reported near several residential structures on Farm-to-Market Road 709 south of Dawson.

WISE COUNTY --- 1.0 WNW SLIDELL [33.37, -97.42], 3.1 E NEWARK [32.99, -97.43], 3.3 S BOONSVILLE [33.02, -97.86], 1.5 SSE PARK SPGS [33.38, -97.81]

09/08/10 06:24 CST	0.10M	Flash Flood (due to Heavy Rain)
09/08/10 09:00 CST	0	Source: Law Enforcement

At least 10 cars stalled on Highway 287 north of Decatur due to high water on parts of the highway. There was also one foot of water over Highway 114 at Farm-to-Market Road 718 near the city of Aurora.

MCLENNAN COUNTY --- 5.7 NW CRAWFORD [31.58, -97.53], 0.4 WNW OCEE [31.57, -97.41], 3.3 SW WINDSOR [31.49, -97.40], 3.3 SW CRAWFORD [31.49, -97.49]

09/08/10 07:00 CST	10K	Flash Flood (due to Heavy Rain)
09/08/10 08:00 CST	0	Source: Emergency Manager

A high water rescue was conducted in the city of Crawford due to rapidly rising flood waters.

DALLAS COUNTY --- 0.3 NW COPPELL [32.95, -97.02], 2.8 ESE SACHSE [32.97, -96.52], 4.7 S SEAGOVILLE ARPT [32.55, -96.53], 4.5 WSW CEDAR HILL [32.56, -97.02]

09/08/10 07:05 CST	0.25M	Flash Flood (due to Heavy Rain)
09/08/10 14:45 CST	0	Source: Law Enforcement

Several low water crossings in the city of Dallas were closed shortly after sunrise due to several feet of water covering the roadways. As the rain continued, additional flooding was reported. The entrance and exit ramps along Interstate 35 at Royal Lane were closed due to high water. Several high water rescues were conducted in the cities of Lancaster and Grand Prairie. A creek in Irving threatened numerous homes and 90 people were evacuated by dump trucks.

TARRANT COUNTY --- 0.3 SE EAGLE [32.98, -97.52], 3.7 NE GRAPEVINE [32.97, -97.04], 4.5 SSE WEBB [32.57, -97.05], 3.0 SSW WHEATLAND [32.58, -97.55]

09/08/10 08:30 CST	20M	Flash Flood (due to Heavy Rain)
09/08/10 13:00 CST	0	Source: Newspaper

Heavy rain began to fall before sunrise and several intersections across Tarrant County had to be closed due to high water as numerous vehicles stalled. In east Fort Worth, 10 employees had to be rescued from a well drill site after becoming trapped by high water. A mobile home park in North Richland Hills had to be evacuated due to rising flood waters. High water rescues and evacuations were also conducted at an apartment complex in Arlington as high water entered numerous apartment buildings. At least 129 homes and 68 apartment units in Arlington suffered damage as the water levels reached 8 feet in some structures. Additional evacuations were conducted in the city of Everman as flood waters reached residential structures; entering three of the homes. An intermediate school in the city of Keller was evacuated as a nearby creek quickly rose, and water entered the gym at Cross Timbers Middle School. In Southlake, two bridges on White Chapel Blvd were damaged forcing the closure of the roads, and chunks of asphalt fell off North White Chapel Blvd. Four feet of water was reported on Love Henry Court in Southlake. In Mansfield, several roads were closed and 20 homes had water damage. Several creeks across the county flooded over 100 additional homes. The most significant flooding occurred along Johnson Creek, Key Branch, Bear Creek, and Rush Creek. No injuries or fatalities were reported.

JOHNSON COUNTY --- 2.9 SSE MANSFIELD [32.53, -97.10], 7.7 NNW GODLEY [32.54, -97.60], 10.5 WSW RIO VISTA [32.19, -97.55], 4.8 ENE GRANDVIEW [32.30, -97.10]

09/08/10 09:00 CST	1	0.40M	Flash Flood (due to Heavy Rain)
09/08/10 13:00 CST		0	Source: Newspaper

Numerous roads across the county were closed due to high water but the Alvarado area was hit the hardest. One driver was swept away on CR 607 at Mountain Creek near Alvarado and drowned. A two story home near Alvarado had water above the first floor of the home. Elsewhere one man was trapped in a van by high water on Farm-to-Market Road 917 near County Road 613 and was rescued by first responders. Five individuals were swept into rising waters along English Trail in the northeast part of the county and were later rescued.

Direct Fatalities: M49VE

DENTON COUNTY --- 1.5 SSE HEBRON [33.01, -96.87], 5.6 SSW JUSTIN [33.01, -97.35], 5.6 WNW BOLIVAR [33.41, -97.35], 5.8 E PILOT PT [33.40, -96.87]

09/08/10 09:25 CST	2M	Flash Flood (due to Heavy Rain)

Storm Data and Unusual Weather Phenomena - September 2010

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
Minor roof damage on the order of EF0 damage was noted along much of the path of this tornado, but EF2 damage was observed near the intersection of Irving Blvd and Mockingbird Lane in west Dallas. Near the intersection, substantial damage occurred to a warehouse. An exterior wall of the warehouse collapsed causing part of the roof to collapse. In addition, a tractor trailer traveling on Mockingbird Lane in front of the warehouse was blown into the warehouse, and the driver sustained minor injuries. Additional stores in the industrial area near the intersection sustained roof damage and holes were ripped into some roofs. Local broadcast media recorded this tornado live as it moved north through the western portions of the city of Dallas. Maximum wind speeds were estimated to be 115 mph.

ROCKWALL COUNTY --- 2.4 WNW HEATH [32.84, -96.49], 2.1 SSE LAKE RAY HUBBARD [32.85, -96.49]				
	09/08/10 17:20 CST		50K	Tornado (EF0, L: 0.67 mi , W: 108 yd)
	09/08/10 17:22 CST		0	Source: NWS Storm Survey

A tornado caused mainly roof damage to several brick homes on the southeast side of Lake Ray Hubbard near Heath. Another home had its chimney knocked over and some large tree damage also occurred along the path of this tornado. The winds were estimated to be between 85-95 mph.

COOKE COUNTY --- 2.1 N LINDSAY [33.68, -97.23]				
	09/08/10 18:30 CST		0	Tornado (EF0, L: 0.01 mi , W: 50 yd)
	09/08/10 18:31 CST		0	Source: Trained Spotter

A trained spotter reported a tornado just north of Lindsay. No damage was reported.

The remnants of Tropical Storm Hermine moved through the western portions of north Texas dropping several inches of water in some locations and producing 8 tornadoes. Significant flash flooding occurred during the late evening hours of September 7th through September 8th. Up to 12 inches of rain fell across the area with the highest totals along the Interstate 35 corridor. Numerous high water rescues and evacuations were conducted across the region. On September 8th, an EF2 tornado moved through the western city limits of Dallas, injuring one person. Just prior to the Dallas tornado, an EF1 tornado moved through Seagoville in the southeastern portions of Dallas County. Two fatalities occurred during the event due to the flooding.

Storm Data and Unusual Weather Phenomena - September 2010

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
----------	-----------	-------------------	---------------------	------------------------

On September 8, 2010, an EF-2 tornado moved through the western portions of the city of Dallas; crossing over the Trinity River. The tornado did significant damage to an industrial area at the intersection of West Mockingbird Lane and Irving Blvd. The warehouse in the picture sustained the most significant damage. The 18 wheeler was traveling on the road in front of the warehouse, but was blown into the warehouse by the tornado. The driver sustained minor injuries. The path length of the tornado was over 2.5 miles long. The photo was taken during an NWS Storm Survey.

LAMAR COUNTY --- (PRX)COX FLD PARIS [33.63, -95.45]

09/14/10 15:05 CST	0	Thunderstorm Wind (MG 53 kt)
09/14/10 15:05 CST	0	Source: AWOS

The automated weather station at Cox Field in Paris (KPRX) recorded a 61 mph wind gust. Some tree damage was reported in and around Paris.

The southern end of a weakening MCS traveling through southeast Oklahoma moved across the northeastern portions of north Texas. Severe winds were measured in Lamar County.

Storm Data and Unusual Weather Phenomena - September 2010

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
DALLAS COUNTY --- (ADS)ADDISON ARPT DA [32.97, -96.83]				
	09/17/10 16:34 CST		0	Thunderstorm Wind (MG 52 kt)
	09/17/10 16:34 CST		0	Source: AWOS

The automated weather station at Addison Airport (KADS) recorded a 60 mph wind gust.

Isolated showers and thunderstorms developed ahead of an approaching weak shortwave. Severe criteria winds caused minor damage in Forney.

YOUNG COUNTY --- 1.0 W NEWCASTLE [33.20, -98.77], 0.7 WNW NEWCASTLE [33.20, -98.76], 1.5 WNW NEWCASTLE [33.21, -98.77], 1.8 WNW NEWCASTLE [33.21, -98.78]				
	09/25/10 08:02 CST		0	Flash Flood (due to Heavy Rain)
	09/25/10 08:30 CST		0	Source: Law Enforcement

Flooding was reported along FM 926 approximately 1 mile west of Newcastle.

YOUNG COUNTY --- 1.0 W NEWCASTLE [33.20, -98.77], 0.8 WNW NEWCASTLE [33.20, -98.76], 1.6 WNW NEWCASTLE [33.21, -98.77], 1.7 WNW NEWCASTLE [33.21, -98.78]				
	09/25/10 08:30 CST		0	Flood (due to Heavy Rain)
	09/25/10 09:30 CST		0	Source: Law Enforcement

Residual flooding continued along FM 926 west of Newcastle after the rain ended.

An approaching upper level system helped a large area of showers and thunderstorms to develop and move southeast across north Texas. The slow moving area of rain produced mainly nuisance flooding problems, but water did cover one roadway in Young County where several inches of rain fell.
